

CONTENTED PETS & NEIGHBOURS

Hi...Strataman here,

Strata responsible pet ownership. Just as pets can enhance a community's wellbeing a badly behaved pet can have an impact on neighbours, especially if your pet is extremely active or noisy!

When outdoors, ensure that you move them through the communal areas with care so that no stress, fear or mess results for your neighbours. It's also important to think about how you would get your pet out in an emergency situation. A considerate pet owner with an apartment that has been pet adapted will help to ensure a happy and contented strata environment.
